

Are you looking for **PFAS** in air, water, or food samples?

Discover how to automate analytical methods for PFAS determination in:

Air

ASTM D8591-24

Water

EPA methods 533, 537.1,
and 1633

Food

FDA method C-010.02

Learn more in our webinar

Determination of PFAS in Various Sample Types, including Air, Water, and Food, Using GC-MS or LC-MS

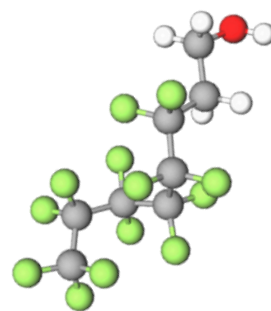

Wednesday, April 9th, 2025, 9 a.m. CEST

Presentations:

You're Breathing it Too: Emerging Standards and Methods for Measuring Fluorotelomer Alcohols and Other PFAS Species in Air

Presenter:
Kurt Thaxton
International Product Manager
GERSTEL GmbH & Co.KG.

Automated Sample Preparation for the LC-MS/MS Determination of PFAS Compounds in Water and Food

Presenter:
Fred Foster
Applications Scientist
GERSTEL, Inc.
